

# Dates for Desert Circus Set for Mar. 10-13

## New Leader For Event To be Named

Frank Bennett Resigns  
As President of  
Circus Association

The 1948 annual Desert Circus will be staged from March 10 to 13 it was decided Wednesday afternoon during an adjourned meeting of the board of directors of the Desert Circus association.

The meeting, which took place in the Desert Inn, also saw the election of William Grant as general chairman of the 1948 Circus and the resignation of Frank H. Bennett as president of the association.

THOSE DIRECTORS who were present sought to have Bennett reconsider and withdraw his resignation but failing in this, a nominating committee was appointed to bring in recommendations for a new president.

A move to set Circus dates in April failed when it was pointed out that guests who live here throughout the winter months and who look forward to Circus Week are usually gone by then.

MOST OF THE HOTELS, too, are closed it was declared. Bennett and those who favored the March date pointed out that almost an entire new guest list are registered at local hotels during April and in addition Circus Week had until last year been staged in March.

The Circus of April, 1947, resulted in a considerable deficit because of the occurrence of hot weather and this also was a reason.

Early to bed and early to rise  
If you'd cross the drive with-

Palm Springs is growing so rapidly about the only time it is safe to jay-walk is in the dawn hours before the rush starts. . . . And even then you might get smacked by some belated toiler hurrying to his job of pounding nails to keep the Village growing.

It wasn't so long ago that Assemblyman Phil Boyd, then city councilman, used to take off from the curb in front of the Desert Inn and saunter kitty corner across to where the post office used to be. . . . When a motorist, unaccustomed to the way of Palm Springs would glare or let loose with a derogatory remark, he would smile pleasantly and say that in a Village one should have some Village rights. . . . Now if one insists on those rights, he's a candidate for other rites.

LITTLE BEAR was in the other day reminiscing about the old Desert Circus days. . . . They started out of, by and for the Village. . . . They dropped the "for" soon because the event became so famous that the circus was for all who could squeeze into town. . . . Someone else asked me what had become of the old Indian ceremonials which used to draw a lot of interested visitors. . . . The answer to that one was that, according to the L. A. News, the Indians are too busy collecting rents for ceremonial dances—they just dance for joy now.

SPEAKING of Indian ceremonials, Fred Clatworthy was in the office the other day. . . . He can recall the olden days here, too, for when he first came, people used to camp along Indian avenue under the cottonwoods. . . . He said he and his family did one night only. . . . It was during one of the ceremonial dances and the noise was so great, the next morning he moved a mile away so that he could get some sleep at night. . . . He said that Palm Springs had tourists 100 years ago and that some group had a circular campsite along the old Tahquitz ditch in the 1840s. . . . Turning dirt in that area during his first year here—1921—he found a dime minted in 1833. . . . That was in the days when a half of a dime would buy something all by itself. . . . Can't think of a thing you can get for a nickel now. . . . Once a nickel would buy a seidel of beer and a good hunk of indigestion at the free lunch counter.

ANYWAY, Clatworthy, who pioneered in color photography more than a quarter century ago using the French autochrome method before kodachrome was

## Hilton McCabe Elected Head Of Red Cross

Hilton McCabe, Village attorney, today was chairman of the largest Red Cross organization in Riverside county.

He was elected president of the Palm Springs branch of the Riverside county American Red Cross chapter in session Wednesday morning at the Teen-Target on Bellardo road.

At the same meeting, the local chapter, that the Palm Springs group was informed by Mary Ecken Pangle, manager of the county chapter, that the Palm Springs branch was the largest in the county with 1638 paid-up members.

Miss Pangle was guest at the meeting of the branch Wednesday and addressed them on Red Cross activities in the county. Completion of the roster of officers for the local branch and appointment of various committee chairmen, will be made at a later meeting of the branch.

McCabe succeeds Raymond and Cree as chairman. The meeting was held at 9 a.m. Wednesday at the Teen-Target which was made available through the courtesy of Mrs. Harold Hicks, chairman of Youth Center activity for the Welfare and Friendly Aid association.

## Youth Election

Teen-Agers To Ballot  
On Leaders Next Week

Teen-Target club members will elect permanent officers next week at a special election to be held at the Bellardo road building. Candidates for the offices will be announced Tuesday at the Youth Council meeting and they will be voted on Wednesday, Thursday and Friday.

A special barbecue and dance will be staged at the Target Saturday, Nov. 29, at 8 p.m. when the teen-agers will entertain all who have donated to the project.

End Near in Spirited  
Desert Sun Contest

Barry DeVorzan of the Village Vandals took the high prize for the week in scoring honors in The Desert Sun's subscription contest as the Vandals maintained their lead over the Tahquitz Twisters in the race which comes to an end in one week on November 30.

Betty Wright of the Vandals still was high, however, for the contest to date.

The contest, in which two teams of high school students, five boys and five girls each are competing for \$170 in prizes and commission by gathering in subscriptions to The Sun, started November 1 to run during the entire month.

K. K. Youngs is managing the contest at the end of which both teams will be banqueted by The Sun.

## No Apple for Rose

She Doesn't Want One in Her Mouth Come  
Thanksgiving Day no Matter How Symbolic

It's going to be mighty hard for those living at the Deep Well Ranch to eat pork chops provided by little Rose when, and if, the time for such an occasion arises.

You see, Rose, a little piglet, not more than six weeks old, is entwining its loveable personality around the heartstrings of everybody she comes in contact with at the Ranch including Sammy, Dee Dee Bennett's little brown cocker.

ROSE WAS GIVEN to the girls in the "Dog House" at the Ranch. "The Dog House", is the name of the house in which Ann James, Helen Winter and Esther Judkins, all employed at the Ranch, live. Of course Dee Dee, daughter of Mr. and Mrs. Frank Bennett also claims an interest in Rose.

What most of the girls fear for the welfare of Rose is the appraising eye of the second cook, Bill Burns. A well founded rumor, the girls said, was the vision attributed to Burns of seeing Rose on a huge plate, an apple in her mouth and basted to a turn in brown sherry wine.

Rose during her two weeks on the ranch has learned to answer to the call of her name and trails behind the girls wherever they go on the grounds of the Ranch.

SAMMY, THE COCKER, who reigned undisputed in the affection of all at the Ranch doesn't seem to mind Rose now who gets her share of the petting and back scratching.

Although the piglet and the dog just won't play together, they can be found walking side by side in the wake of their mistresses. Rub Rose's back and she will grunt contentedly, will roll over and allow you to rub her "tummy" too.

"SHE'S SO SWEET," chorused the girls as they tied a wide ribbon around her neck.

"How can Burns be so mean as to think of using Rosie as the piece de-resistance at an old fashioned Thanksgiving Day dinner?" Helen Winter questioned, unbelief in her eyes.

Innocently, Rose rooted in the cool grass nearby.

## Boys Leaders Confer Here On Problems

(Illustration on Page 17)

Plans for the creation of a Boys' Club of America Training course and Institute to be held in Los Angeles in February was the main purpose of a three-day conference attended by executives of that organization representing the Western Region, in Palm Springs, November 14, 15 and 16.

Other subjects discussed were: Boys' and girls' programs in boys' clubs, boy guidance, group clubs, vocation guidance, personnel, physical programs and cooperation of organizations such as the American Legion, service clubs and women's clubs.

THE CONFERENCE here was presided over by Regional Director A. H. Fahringer and was attended by Fred Black, Hollywood; Nick Trani, San Pedro; Duncan MacDonald, Santa Monica; Joe Hayes, Richmond; C. A. Van Dusen, San Diego; Gil Eaton, Oakland; Tommy Thompson, Pasadena; John Tutak, Los Angeles; Maurice Bugbee, Long Beach and Frank Partridge, of Palm Springs.

Fahringer told those present that the Boys' Club of America is concerned with the large number of underprivileged boys who do not have the opportunity of leadership and guidance that the Boys' Clubs provide.

HE RECOMMENDED that Partridge, who has been doing Boys' club work without facilities, form a Boys' Club committee of leading citizens of Palm Springs to provide club facilities.

## Two School Conferences For Village

State and County  
Associations Will  
Meet Here Next Year

Principal Ernest E. Oertel has been asked to arrange to have Palm Springs High School serve as host school for two important educational conferences early in 1948.

The California Principal's association, Region 5, which embraces a membership of approximately 100 secondary school administrators, has arranged to have its regional meeting at Palm Springs High School on January 24, 1948. Principal Oertel is arranging for conference facilities at the local high school, for lunch accommodations at the school cafeteria, and for a program of entertainment to be interspersed between conference sessions. Local high school music and dramatic department talent will be used to entertain the visitors.

THE SECOND WINTER conference of educators in Palm Springs will be held on March 16, 1948, when the Riverside County School Administrators association make the local high school their headquarters for their March conference.

Palm Springs is becoming increasingly popular as a conference center, Principal Oertel pointed out today. "Educators want to come here to have their winter meetings, and we could easily have larger conferences—even state-wide conventions—if we could accommodate the delegates for overnight stay, and provide an adequate auditorium for meetings."

## Crash Kills Two

Third Man Believed  
Dying in Hospital

J. E. Davis of Beaumont transient camp yesterday was killed instantly and one of his unidentified companions died in an ambulance en route to Palm Springs hospital after an S. P. locomotive running light, struck an automobile at Hathaway street in Banning.

A third man, still unidentified, is in the hospital today believed fatally injured.

## Deadline Near

Clean-Up Slogans  
Due in Tomorrow

More slogans are coming in to the City Clean-up committee to be used in its plan to keep Palm Springs clean. The judges will consider the new entries after the close of the event tomorrow.

The contest was originally scheduled to close last week but because the judges decided that while all of the more than a score of entries submitted were good, they just didn't quite fill the bill.

They want something terse and to the point, something to impress Villagers to clean up the town and then keep it clean.

All answers must be in The Sun office by tomorrow night.

## Party

Racquet Club To Be  
Scene of Event Dec. 11

Preliminary announcement was made today of plans by the Welfare and Friendly Aid association to stage a dinner dance at the Racquet Club on the evening of Dec. 11 for the benefit of the Teen-Target, formerly the Youth Center, on Bellardo road. Funds will be used to wipe out all indebtedness on the center.

Mary Jane Hicks is chairman of the association committee arranging the dance. She is assisted by Mrs. Barney Hinkle.

Full details of the party will be made known next week.

## Santa Claus to Have Business Woman's Help

The annual Christmas Party for school children of Palm Springs, an event looked forward to each year by an ever increasing number of school children, will be sponsored this year by the Palm Springs Business Women's club.

This year an estimated 1350 school youngsters will greet Santa Claus on Friday, December 19, and St. Nick will parade along Palm Canyon drive, the guest of and under guidance of the Business Women.

ANNOUNCEMENT of the club's sponsorship of the event was made Wednesday morning at a meeting of the Business Women at the Desert Inn Coffee shop at their regular breakfast session.

Plans were discussed for the party and Mrs. Jimmy Briody, appointed chairman of the committee in charge, said it will take a lot of hard work and was assured the fullest co-operation.

Mrs. Emmajean Hume was named as her assistant chairman.

FULL DETAILS of the program will be announced immediately after Thanksgiving. George T. Oliver of the Lions club, which has undertaken the trimming of the giant tree each year as its part of the program, is already lining up volunteers for that part of the event.

At Wednesday's meeting of the Business Women, Mrs. Hume was also appointed chairman of a committee to work with the Woman's Club on plans for the Girl Scouts, a Woman's Club project.

Guests at Wednesday's meeting were Trudy Bell, Mary Anderson, Lois Rudy, Ann Bell Drew and Elaine Ryan.

## Market Full Of Holiday Bird, Report

Other Items Going  
Into Thanksgiving  
Day Meal Moving Up

Planning the Thanksgiving Day dinner will be a little easier this year than it was last Thanksgiving, insofar as the price of the main dish, turkey, is concerned. But the culinary entourage of the bird will be made up, making the whole meal slightly more than last year.

It was rather hard to get an advance idea on the prices that will prevail in the Village, with most of the retail butchers and store operators refusing to be quoted.

BUT IN THE MAIN, the following was gleaned which may give the frugal housewife an idea of how much cash to "hit the old man up for":

First: There'll be plenty of birds on the local market for sale.

Second: The price will be from three to five cents less per pound.

Third: The quality of the bird will be somewhat less than it was last year.

ONE PERSON who didn't care if he was quoted or not was Jack Freeman, who with Albert Abbott of the Desert Provision company, of the eDesert Provision company, who handle on an average, 10,000 pounds of turkey, most of it sold to hotels and restaurants in the Palm Springs area.

Freeman declared that the price of turkey would be from three to five cents less this year because of the high price of grain.

"Turkey growers, because of

"Hello" girls working the telephone switchboards at the local telephone building don't like abuse pouring into their ear phones from some irate customer.

Calling the police at an early hour Thursday morning they reported that "a man in one of the telephone booths outside our building was using abusive language."

Police officers John Herrero and Jess Kirkpatrick investigated and took into custody Harold A. Kelley, 48, and booked him.

"He was giving the telephone operator a bad time," reported Kirkpatrick.

At 8 o'clock Thursday morning Kelley posted \$25 bail and left the jail.

## The PUBLISHER'S by OLIVER B. JAYNES Corner

IT WAS MORE FUN living in Palm Springs when the early afternoon shadow of San Jacinto would cover the whole village—that's what residents of the early days will tell you. Those were the days when you knew almost everybody in town. . . . when lot in Los Palmas were selling for a few hundred dollars. . . . when the Circus Week parade was by and for the townsfolk. . . . when they played tennis at the Tennis Club and there wasn't so much racket at the Racquet Club. . . . when you could park all day long on Palm Canyon drive. . . . when dates were sold in paper sacks instead of sewing baskets. . . . When there were more shirts than cock tails. . . . when there weren't any good old days to talk about! Well it must have been lots of fun and we don't blame the pioneers for lamenting a bit over what fate and fame has done to Palm Springs. But—

MOVING FORWARD is better than slipping back—and communities don't often stand still. Progress leaves its mark—has its disadvantages. Yet who can say they do not appreciate. . . . the increase in land values. . . . the relief of a mechanical cooler on hot summer days. . . . smooth streets. . . . interesting shops. . . . heated swimming pools. . . . good food. . . . the Rose Bowl band. . . . interesting personalities. We must be willing to share the charm and benefits of desert living with others. . . . welcome the visitor in our midst. . . . be glad that progress and prosperity have not passed us by.

THREE GROUPS mingle in this desert wonderland: Those who call Palm Springs their home, winter residents and vacationists. Whether they seek work or play, gaiety or solitude, recreation or relief from care; these people are contributing to the progress and prosperity of the desert area. Villagers are hosts to hundreds every week who come back to enjoy sunny days, colorful patios and gay nightclubs. Hand in hand they are building here a thriving community. The sleepy little village of two decades ago has been transformed into a desert paradise. . . .

WE CAN'T BRING BACK the good old days—even if we want to. But neither can we blame old timers for reminiscing a bit. . . . from being proud of the hardships they endured. . . . from glancing backward as time flies by. Yet it was their aggressiveness an enterprise which has brought Palm Springs to the position it enjoys today.

Tony Burke Named  
As Round-Up Boss

Tony Burke will again head the Desert Riders as Round-Up Boss, a title which corresponds to president, as result of the annual election of officers of that organization Wednesday morning at their first breakfast ride of the season.

Over the sizzling bacon and eggs, the Riders, in annual meeting, also elected Fred Watson vice-president; Charley Mathews, secretary; Earl Cordrey, treasurer; Melba Bennet, trail boss.

Plans for a moonlight ride next Tuesday evening were completed. The ride will take the place of the usual Wednesday event.

This week's breakfast ride was to Palm Canyon.

Owen B. Coffman Post Views Future  
Comforts at New Memorial Building

Regular meeting of Owen Coffman Post of the American Legion in the Fiesta House of the Desert Inn, was followed Wednesday night by a meeting of the Ways and Means committee at the home of Tom Kiely, chairman.

Main topic of discussion at second meeting was to explore all avenues in a quest for furniture with which to furnish the Wars Memorial building now under construction, on Bellardo road.

JOHN CONNELL, commander of the Post announced that in all probability building will be almost completed before the advent of the new year and that a giant event of some sort will be staged in the building with the object of raising funds with which to purchase furniture for

the lounge, the offices and auditorium.

Another plan submitted is the staging of a dance with pieces of furniture as the price of admission instead of the purchase of tickets.

A PLEA to Villagers is also on the list of suggestions, seeking both new and used furniture for the building.

If any furniture is given to the Post, it will be stored at the homes of the various members until the building is completed, was announced.

**What Goes on in Palm Valley**

By DON CAMERON

Some folks have recently asked about the exact location of Palm Valley. Actually according to the best maps available it starts where the Coachella Valley ends at Point Happy and extends well up past Cathedral City. It is bounded by the mountains above Highway 111 on one side and Highway 99 on the other. The name works out well in this column since we have several real estate developments: Thunderbird, Rancho Mirage, Palm Dell, Palm Desert and Palm Village. By calling it all

Palm Valley, no partiality is shown to any tract. Bill Nash's telephone linemen have been stringing wires from Cathedral City out our way. The dope is that early in December most of the folks who have patiently waited so long will have telephone service. Bill tells me they are setting up a new exchange in Cathedral City and all our numbers will be changed when the new service begins. The boundary between the Palm Springs and the Indio phone districts is the same as the school districts namely, Del Sol road, and nothing can be done about it. It surely irks this Scotchman to pay thirty-five cents to phone one-half mile from the Palm Dell office to my home in Rancho Mirage.

**ELMER PEACOCK**, bartender at the Hitching Post and owner of the Palm Desert beer and wine store had a run-in with a gravel truck. It happened on Highway 111 Tuesday morning and contrary to the report Elmer got off with a few cuts, but his sedan is surely a sad case. Clarence Bondie, well known property owner here, stopped by to say he is temporarily living in Encinitas. He is building a cemetery over there. That's something we don't have in Palm Valley and considering the tiny one in Palm Springs some plans should be laid for one. Myron Bradshaw, the desert photographer, was out here this week taking pictures at Wonder Palms and of Cliff Henderson with the new \$27,000 foreign built roadster. These are to be used in the December issue of the magazine called "Grizzly Bear" along with an article, "Christmas in the Desert." In case you don't know the "Grizzly Bear" is published by the native sons, Jeanne Keller, well known entertainer, stopped in to check up on her real estate. She says "she has a long engagement at Longshore's on Wilshire boulevard." The guy I'd like to get my hands on, is the one who started that combination of peas and carrots some of the local restaurants serve. To me it is the same as serving corned beef and grapes.

**Check Suspect Reported Held**

Riverside authorities informed local police Wednesday that Barbara Dean, sought here on charges of assertedly cashing bogus checks, was in custody. Records at the Palm Springs Police station indicate that Miss Dean passed approximately \$100 in checks with hotel and cocktail lounge operators before disappearing.

**Soil Erosion**

Where corn was grown three years in succession on a 9 per cent slope, 37,320 pounds of soil an acre was lost annually. From a blue-grass sod the annual loss was only 120 pounds an acre.

**Entertainment and Good Food Ready At Colonial House**

Villagers and winter guests have a treat in store for them tonight.

The famed dining room of the Colonial House will open for the first time this season with Pat Barbara and his dance band and Wally Vernon, star comedian of radio and screen as the top entertainment features of the evening. Pat Barbara and his band will bring the flavor of Gotham's famous night spot, the Stork Club, into his dancing rhythms which will include in addition to American tunes a first hand knowledge of South American dance numbers. Barbara's type of music was so popular in New York City, his engagement at the Stork Club extended over a period of one year and a half.

Wally Vernon is expected to throw the customers into "stitches" with his solo comedy routine. At the conclusion of one of his acts Vernon is expected to leave the stage sans all of his clothing except his shorts.

Art Butler, maitre d' of last year will again be on hand to greet the customers.

Mr. and Mrs. Wilbur Davis, owner-operators of the Colonial House announced that the "first night" looks very much like a "sell out."

## Village Gasoline Tax Allocation to Soar in Fiscal Year

Estimated gas tax allocations to Palm Springs for the fiscal year of July 1, 1947, to June 30, 1948, is expected to amount to \$12,410, the California Division of Highways reported this week.

Based on a five-eighths of a cent per gallon of gasoline sold in this area the returns for the period of January 1 to June 30, 1948 is expected to amount to \$8,910. This compares with an actual allocation of \$9,502.17 based on the old one-quarter cent per gallon for the period of July 1 to December 31, 1947.

The increase from the old rate of allocations based on population to the five-eighths of a cent per gallon was voted at the last session of the state legislature.

Palm Springs estimated \$12,410 for a full fiscal year places this community in third place for such revenue in Riverside county. Riverside's share is expected to amount to \$75,605 and Corona's \$15,740.

## U. P. To Spend 34 Million for Rolling Stock

An order for 181 Diesel locomotive units and 1900 units of rolling stock totaling \$34,000,000 has been placed by Union Pacific President George F. Ashby to mark an important milestone in his \$200,000,000 second rebuilding program for the railroad.

It was the largest equipment order ever placed at one time by the company.

Ashby pointed out that the new order boosts to a total of 535 the number of Diesel units purchased or on order by Union Pacific for a total of 750,000 Diesel horsepower. Of today's \$34,000,000 order, \$26,000,000 will go for locomotives and \$8,000,000 for 400 gondola and 1500 hopper cars.

## Noble Hopes To Be Well Again Soon

Arch Noble, local realtor, confined to Community hospital as result of an accident a few weeks ago, is recovering these days and hopes to be back on the job at his office, where he is associated with Frank Miller, soon.

Noble shattered his knee cap in a fall and it was necessary to operate and remove the shattered knee cap. A series of blood transfusions was necessary.

## Little's Gallery Displays Work Of Local Artists

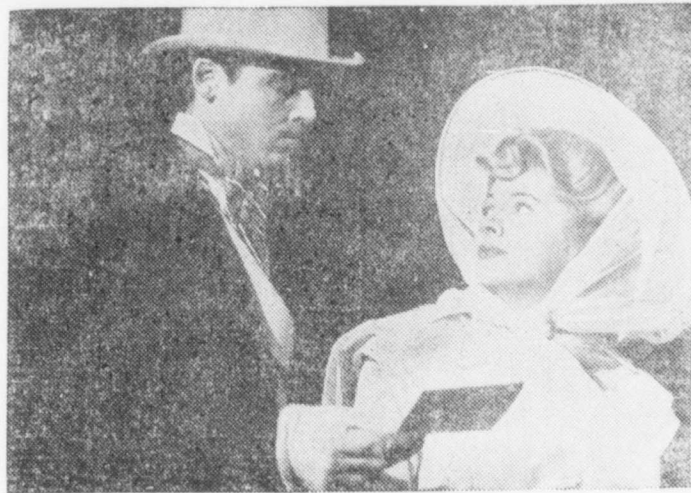

Little's Art Gallery operated by Mr. and Mrs. Willard R. Little opened in Cathedral City November 17 with a display of pictures drawn by such artists as the late Gordon Coutts of Palm Springs and the Royal Academy of London, Agnes Pelton, Axle Linus, Dorothea Theobald, Capt. Harry Harris, James Wolseth and others.

The Gallery is expected to serve as a permanent place for the exhibition of paintings, handicraft work and hand-made gifts.

### Junior Chamber in First Meeting Last Night

There'll be more color, more zest and more push in Village civic affairs soon.

This was assured last night when, at the invitation of the Palm Springs Chamber of Commerce, a group of young men of the town met, to organize the Palm Springs Junior Chamber of Commerce.

ELECTED to temporary offices were Don Artz, chairman, and Ed Thompson as secretary.

That there'll be no old fuddy-duddies in the organization was indicated in the maximum age limit for membership, set at 35.

DECIDED upon organization after discussion which lasted about an hour in the offices of the Chamber of Commerce, the young group of men decided on the issues of membership applications and set their next organizational meeting tentatively for December 3.

A vigorous campaign for members will be launched today and all young men in the Village may obtain applications at the Chamber of Commerce or from the following new members:

ROBSON CHAMBERS, 869 north Palm Canyon drive; Jack McCoy, Bank of America; John A. Chambers, Palm Springs Appli-  
cance Co.; Zachary Pitts, Palm Springs Cleaners; Donald M. Artz, Pogo Pogo; Roland Vaile, KCMJ in The Center, and Ed Thompson, Bank of America.

Florian Boyd, president of the senior chamber told the young men present that membership in a Junior Chamber of Commerce would equip and train them for a better understanding of community life and would be of mutual benefit to both themselves and the Village.

HARRY HARPER, manager of the chamber of commerce, outlined the many civic projects in need of vigorous youthful prosecution.

Most of all both Florian Boyd and Harper stressed the fact that when completely organized the "Jaycees" should operate independently of the older organization.

### Man Wanted in Check Case Gives Self Up

George Ettinger, 34, sought here by police for more than a week on a warrant charging him with assertedly cashing "rubber" checks, walked into the police station Wednesday evening and surrendered.

Chief of Police August Kettmann reported that Ettinger is also wanted by the Los Angeles police.

the high cost of feed, have been sending thousands of pounds of turkey to the market," Freeman pointed out.

He added because of this situation the price of turkeys in an almost glutted market would retail from three to five cents less per pound.

FREEMAN PREDICTED that Tom turkeys ready for the oven would sell from 55 to 56 cents a pound and hens from 60 to 65 cents a pound.

"Turkeys that have to be dressed and prepared for the oven," continued Freeman, "will probably retail for 43 to 44 cents a pound."

As for the quality of the bird, the grower has fed them sparingly in view of the high cost of feed, and they may not be as fat as those last year, Freeman said.

"HOUSEWIVES should be prepared to pay a higher price for turkeys after Thanksgiving Day," warned Freeman, "because most of the birds will be sold by Christmas time."

Though turkeys may be less in price per pound this year, it was learned that the proverbial trimmings will be higher than they were last year.

So, all in all, the cost of an old fashioned turkey dinner on Thanksgiving Day will be slightly more than last year.

son behind the decision to hold the Circus in March.

Those opposing the March dates contended that holding the colorful events in April would tend to extend the season.

HEADQUARTERS for the Circus will be maintained in the show room of the Desert Inn Garage, the space being donated by George Roberson of the Desert Inn.

Directors also decided to adopt a permanent program of activities with the provision that there will be no additions of events and only substitutions for those set up in the schedule of events.

THESE EVENTS are the Desert Inn Luncheon and Fashion show; noon barbecue and fashion show and the Village Vanities, if Melba Bennett's service can be obtained to direct and stage the event.

The parade is again scheduled for Saturday morning with the pet show for the kiddies to take place Friday afternoon.

Saturday afternoon some form of a horse show will take place, in all probability a gymkhana. During the evening of the same day "Small Top Balls" with persons attending, attired in costumes, will be featured.

## "God's Goodness" Topic Sunday at Community Church

Subject of the sermon next Sunday morning at Community church by the Rev. James H. Blackstone Jr. will be "God's Goodness for All Men."

"The fact that much of the world is in such dire distress," the pastor said, "is not to be blamed on God. He has continued to shower His blessings upon the earth and were men not so selfish, not so ambitious for power, not so ready to make war on his neighbor, there would be an abundance for all."

"God lets his rain fall on the just and the unjust and on every side we can see the tokens of His mercy and His love if only we would look for them. Our main fault is in not taking time to consider His blessings and to express our gratitude to Him."

**SPECIAL MUSIC** will be presented by the choir at the 11 a.m. service. A well-supervised nursery is provided during church services for the youngsters.

Sunday school classes meet at 9:45 a.m. under direction of Mrs. William Veith, superintendent. Fifty junior singers compose the choir for this service. Bible class for all ages meets at 10 o'clock.

At 6:15 p.m. two Christian Endeavor societies will meet with the seniors led by Marleen Watlet and the junior high group under direction of Mrs. and Mrs. Stanley Fischner.

**EVENING SERVICE** will be held at 7:30 with the Blue Nightingales and Junior Choristers rendering special music. There will be a special sermon on "The Unfaithful Steward" by Rev. Blackstone.

Thanksgiving day will be observed with a special service at Community church at 10:30 a.m. Nov. 27. "A Nation's Gratitude" will be the topic of Rev. Blackstone and there will be special music.

**Buzzard's Eye**  
The English buzzard (B. buteo) has remarkable eyes. Its eyes are about the size of human eyes, but with double the visual acuity.

## Community Church Boards Hear Plan For New Buildings

The monthly meeting of the boards of Community church was held in the Social Room Tuesday evening. Reports were made from various committees concerning the spiritual activities and financial condition of the church. Mrs. G. B. French, who reported on the summer activities, was commended for her faithful work in providing speakers for the services during July and August. The major item of business was the discussion of the growing conditions of the church and the pressing need for immediate expansion to take care of Sunday school requirements.

Harry Williams, local architect, presented plans for expanding the church facilities, looking forward to considerable increase in the seating capacity of the sanctuary and provision for class rooms and social hall in an education building. The members of the boards were very enthusiastic about the proposed plans, which have resulted from months of careful thought and planning.

It was ordered that a meeting of the congregation be called for Sunday, November 30, following the morning church service to consider the proposed plans for expansion. Also a special meeting of the boards was called for Monday evening, November 24, to prepare final recommendations for the congregation.

## Harvest Home to Be Observed at Episcopal Church

Harvest Home, as it was called in the mother Church of England, will be emphasized in the Episcopal church this Sunday before Thanksgiving Day, Nov. 23, the Rev. Robert M. Hogarth, rector, said.

The children of the Sunday school will each bring a little gift of non-perishable food of any kind, either canned or dried, to supply the larder of the Episcopal Home for Children in Los Angeles.

"It will not only do much good to these orphans and half orphans, but will symbolize what we in our urban civilization have mostly forgotten, that the elemental things of nature in the bounty of God are the first essentials of our livelihood," said Rev. Hogarth. "These gifts of food will be brought to the altar by toddling children at the Sunday school hour, 9:45. At morning service the rector will preach on 'The Lord of the Harvest'."

There will be two services on Thursday, Thanksgiving morning: 8 a.m. Holy Communion and 10 a.m. special service of Thanksgiving, with music by the combined choirs and sermon on "Thanksgiving for a New Day."

## From Page One—MORE ABOUT This Side of Sun ...

even a glint in Eastman's eye, showed colored pictures of the Palm Springs of 1921 all over the country to audiences who had never seen colored photographs before ... He had to have a special projector built so that the pictures would show up naturally ... He acquired a house in those days up near the mountains in what is now a choice residential district ... Every day he'd go on the roof with his tripod and take colored views of the surrounding desert ... He

didn't know it was just a tarred paper roof and that every time he set his tripod down, he punched three little holes in it ... He found out the first time it rained ... If it hadn't been for Nellie Coffman who took them in at the Desert Inn, it would have been a soggy night.

**HAVING PIONEERED** in color photography, he's still at it and next year people looking at calendars all over the nation are going to be reminded of Palm Springs ... For he has sold several of his color pictures of the desert around here to a big Chicago calendar concern which is putting out thousands of calendars for different firms and using the Clartworthy colored photographs of the Palm Springs area ... The Villager has had countless colored pictures taken all over the world appear in The National Geographic for which he is official photographer ... Here for his 27th season, he has a wealth of old time prints of the Village ... Taken in the "good old days."

**IT HAS BEEN** a long time since I've mentioned the FSP ... But I don't love them any less ... I see where they have a new folder out about Palm Springs ... It's a neat job and the passengers on their trains can read all about us while crossing the country ... The people in the east are getting an eyeful, too ... Can recall when I used to commute each week end to Los Angeles via the FSP ... And always took a handful of the FSP folders on Palm Springs into the lounge car with me ... I bet the Chamber of Commerce and Charley Littler, the FSP's publicity man, miss my missionary work on the lounge car of either the Imperial or Golden State west-bound and the late (in point of departure time only) Argonaut coming back. I'd like to have a

new Lombardo record for every time I've said to people looking north toward Whitewater: "No, Palm Springs is down thataway."

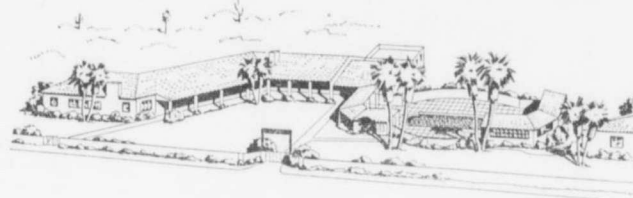

**WELL,** it seems I have one distinction—even if I am strictly a ginger-ale man ... Don Spangler who deals in frozen foods,

tells me that since Charley Chamberlain left for South America and Gene Theriau went on a diet, I'm the biggest single ice-cream consumer in town ... I resent that ... Chamberlain and the judge are both bigger than I am, up and down and across, and I haven't been single for 30 years

This composition was written without benefit of the fish box ... I picked some choice tidbits out of it and put them in a big strong envelope to bring with me for my homework ... And left it either at the Chamber of Commerce, the police station or at Kenny DuBose's where I was

drooling over those new electric trains ... Next week at this time I expect to be full of turkey and ice-cream ... The same to you.

### News of Ramon Trailer Park

J. Jana, portrait artist at the Desert Inn, has gone to Las Vegas for a visit and on business.

Friends of the Percy Days were glad to see them again last week. On their way to Tucson, Ariz., they parked their trailer here at Ramon for three days seeing old friends and looking around. They are well known folks around these parts for they pioneered and developed their own date grove about 20 years ago near Indio. Now they are retired and living the carefree, happy life of the trailerist.

Mr. and Mrs. Ed Leutwiler, citrus growers of La Habra, enjoyed a few days rest from the cares of a rancher here in their trailer. They brought fruit, avocados and lovely flowers to lucky friends.

From Anaheim, Calif., came the Loard family. They are so happy to bring their trailer here for the winter sunshine is so beneficial

for their two children.

One of the latest arrivals for the season is Arthur Binswanger, of Encino, Calif., in his fine looking Aero-Flite trailer.

Miss Pegi Scott, a Village business woman has recently brought her cozy trailer in to stay.

Bingo nights are Monday and Thursday here. Sunday evenings are devoted to a Community Sing, led by Rose Cochran, in the recreation hall.

J. Schulman left by auto for a six weeks trip to New York, a few days after his wife returned from a trip to Texas and back by plane.

Mrs. Art Petersen received word Sunday that her mother is not expected to live. The Petersens left at once for Nebraska where the mother lives.

Friends of the Jay Jensens, of Seattle, are rejoicing with them for they are leaving soon on a world tour in January, sailing

## \$5 Bill Spending Spree Lands Man In Jail for Theft

Ersey L. O'Brien, negro janitor was in the Riverside county jail following his plea of guilty before Judge Eugene E. Theriault Tuesday morning on a charge of grand theft.

Working as a janitor at Bullock's department store, O'Brien is said to have confessed taking \$500, in \$5 bills from an open safe in one of the offices last Friday evening.

**THE THEFT** of money was reported to Palm Springs police Sunday morning. Assigned to the task of tracking down the thief, Police Officer Durman Ordway, working closely with special agents employed by Bullock's started a process of elimination of several suspected persons until their trail led to the home of O'Brien on the reservation.

At O'Brien's home a search revealed approximately \$250, mostly in \$5 bills, and a further check with merchants in the Village patronized by O'Brien revealed he went on a buying spree, acquiring clothes, automobile tires and a brand new paint job for his automobile, all paid for in \$5 bills. His arrest followed.

**QUESTIONED**, O'Brien is said to have signed a confession and when brought before Judge Theriault, pleaded guilty to the charges.

He was remanded to the custody of the sheriff to await action by superior court.

### Siamese Are Farmers

Most Siamese live by farming. Heavy rains carry rich silt that is deposited by floods on the rice-growing plains along the MeNam river. Typical villages of 10 to 80 families line its banks. Even among farmers who breed horses, cattle and buffaloes, rice cultivation is important.

## Meet the Music

With

HAL DAVIS

Hello people of the world, musical that is. If you hate the stuff

this is the column to read. Amen. The spot falls on the King Cole Trio. Why I don't know but it seems the boys are slipping just a bit. Certainly it would seem that they are not playing the tunes that put them on the top of the heap. I remember songs like "Straighten Up and Fly Right," "Come to Baby Do" and such. This is the type of thing that made the King Cole Trio

what they are today. I can't see where they can shove off tunes like "Those Things Money Can't Buy" and "Now He Tells Me." There's something of a tired feeling about the whole undertaking. I am a fan of these boys myself and I like to listen to their music. But they will lose a fan on their new cookies if they don't be discriminatory in their selections. But I will always play the old ones. Had a whole stack of them out the other night and enjoyed them very much. I hope I find a new one I like as well soon.

**NEXT ITEM** concerns Frank Sinatra. Frank had a little trouble with the throat on his date at the Capitol theatre and had to lay off for a while. Too bad too when he was really beginning to pack them in with his warbling. I understand that he will be back on the Hit Parade this Saturday night. Which only goes to show that guys like Sinatra are only human and can work their gifts of nature just so hard.

Let's take a fast glance at the hit parade standing for last week. It still contains the same songs but the order has reversed itself. Topping the list last week we find:

- 1) I Wish I Didn't Love You So
- 2) Near You
- 3) You Do
- 4) Feudin' & Fightin'
- 5) And Mimi
- 6) An Apple Blossom Wedding
- 7) Civilization
- 8) I Have Bue One Heart
- 9) When You Were Sweet Sixteen
- 10) I Wonder Who's Kissing Her Now

Hey looka, "Near You" finally slipped off the number one stool. I had the privilege of talking to Gordon Mack the other day on the Scoreboard, which I guess you didn't know is a program sponsored by the Palm Springs Music Co. and occurs Saturday afternoons at 3, on which you can get free records by dropping by, who is the writer of "You Do," which is in the number three slot on the parade. Mack also wrote one of the most popular of all songs, "Chattanooga Choo Choo." "You Do" is from the picture "Mother Wore Tights." Mack Gordon is a writer for Twentieth Century Fox and has written many musical scores of outstanding caliber. Mack is a lyric writer and a fine one. The words to "Mamselle" are his. "Mamselle" is from the "Razor's Edge."

**ONE LAST SHOT.** It is a must that you have "Warsaw Concerto" by Claude Thornhill in your library of fine music. Especially if you are a piano lover. I have never heard piano like this. The name of the pianist isn't mentioned but I have a letter in the mail to find out.

So with the pages full I shall retire to the corner of the house and have lunch or supper or something. If you have an interesting fact that you think should be made known via Music for the Party, drop me a card or letter in care of Hal Davis, KCMJ. Anything that you think would be of interest to everyone is what I want. And my telephone number for your favorite requests is 2253 or 2254. See you at 1030.

## Story of Colorado Desert Told Lions By Museum Director

Six new Lions were inducted at yesterday's meeting of the Palm Springs Lions Club at the Desert Inn with Francis F. Crocker officiating. Lloyd Mason Smith, director of the Palm Springs Museum addressed the club on "The Colorado Desert."

He presented an interesting talk of the area surrounding Palm Springs. He was introduced by Earl Coffman who remarked that the Desert Museum, a most valued asset to the Village was probably known better to visitors than to Villagers.

**NEW LIONS** who were inducted yesterday were the Rev. James H. Blackstone Jr., Elly Windhurst, Charles McGann, Irving S. (Mike) Flavin, Hiram Benedict and Rolly Vaile.

During the induction, Crocker called on several long time members of the club to arise and gave a brief sketch of what they had done for the Village.

## No More Long Waits for Bus For Students

Notice has been received by the high school that its new 66-passenger Transicoach, ordered last February by the trustees, has left the factory at Richmond, Indiana, and is being driven to Los Angeles for delivery this week. The Los Angeles corporation handling the deal believes delivery to the school can be made within fifteen days.

When the bus arrives in Palm Springs, traffic routes will be rearranged immediately so that students now being picked up on the most remote runs as early as 7:00 a.m. and being delivered home after 5:00 p.m. will save as much as an hour and a half per day in time now used for transportation and waiting for transportation.

**FRIENDLY AND FREE**—That's the type of service given to patients at the Palm Springs Community Hospital's Free Clinic on Wednesday mornings. From left to right: Mrs. Lauritz Hansen, Gray Lady, acting as receptionist; Mrs. Fred Ingram, Welfare and Friendly Aid, taking the case history of Frank Glowaski seated beside her desk while Clinic Director Dr. Charles H. ## Free Clinics at Hospital Filling Long Felt Need

White collar workers, persons who cannot afford the services of a private physician are making good use of the free medical attention offered by the Palm Springs Community Hospital's free clinic.

Village men, women and children made their way to the Clinic each Wednesday between the hours of 8 a.m. and 12 noon to have their ailments diagnosed and to receive treatment.

The idea to open the clinic originated with the doctors on the staff of the Community Hospital last spring. Almost at once it was declared as a service long needed in the Village.

Doctors on the staff donate freely of their services at the Clinic. These physicians are assisted on each Wednesday by the Gray Ladies of the local Chapter of the American Red Cross and members of the Welfare and Friendly Aid association.

## Daughter of Local Woman Succumbs In Philippines

Mrs. Charles E. Dant, 210 El Camino way, yesterday received a cablegram from Manila that her daughter, Mrs. Tom Lowery, well known to Villagers as the former Miss Katherine Dant, died of poliomyelitis in that city Wednesday.

Mrs. Lowery was traveling with her husband in the east on business concerning the shipbuilding industry in which he is engaged.

In addition to her husband, the deceased is survived by twin daughters, three brothers, Thomas, Robert and Jack Dant, all of Portland and a sister, Mrs. Wilson McNary of the same city.

Funeral arrangements await the arrival of the body in Portland December 10, it was announced.

### Bulls on Range

Under range and pasture conditions, 15 to 20 cows should be allotted to a two-year-old bull per season; 20 to 35 cows to a three-year-old bull. Generally, three to four mature bulls are needed for every 100 cows on the range.

**Arthritis Isn't New**  
Not only is arthritis a disease which attacks all races from the tropics to the polar regions, but it is a malady older than man, dating long before recorded history. Certain types of zoological origin are found in the skeletons of dinosaurs and in the bones of prehistoric reptiles. It is estimated that the disease existed six million years ago. Traces of it are found in the Ape Man of two million years ago and in the bones of royal Egyptian mummies.

"Soul and Body"

"Soul and Body" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text from II Corinthians reads, "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord."

Luke's Gospel relates that when Jesus went into the synagogue, "there was a man whose right hand was withered. And the scribes and Pharisees watched him, whether he would heal on the sabbath day; . . . But he knew their thoughts, and said to the man which had the withered hand, Rise up, and stand forth in the midst. And he arose and stood forth. Then said Jesus unto them, I will ask you one thing: Is it lawful on the sabbath days to do good, or to do evil? to save life, or to destroy it? And looking round about upon them all, he said unto the man, Stretch forth thy hand. And he did so: and his hand was restored whole as the other."

"Man is harmonious when governed by Soul," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." Again she says, "Like the great Exemplar, the healer should speak to disease as one having authority over it, leaving Soul to master the false evidences of the corporeal senses and to assert its claims over mortality and disease."

## Political Parade

By ETHEL WHITEHORN

THAT WORD—"CONTROL" . . .

President Truman has called on Congress for authority to revive partial wage, price and rationing controls as "insurance against the catastrophe of ruinous inflation." What he asks for is the very thing he condemned one month ago—THE POLICE STATE.

The chief executive of this nation, in asking for this authority in peace-time, underestimates the people. He should know that we have demanded, and will continue to demand, an end to excessive and unnecessary Federal spending. He should respect our duty as American citizens, to make a firm resolve to again operate our government on a business-like basis for the benefit of all our people.

The Truman administration cannot afford to continue the extravagant waste of the people's money now going on in the Federal government. Not only does it contribute to inflation—it also keeps our taxes up and prevents us from paying off our debt.

IT IS FRIGHTFUL to behold, that before the present administration and the Roosevelt administration came into power, in 1933, we were operating our government upon an annual outlay of approximately \$3,500,000,000. This expense has sky-rocketed to the point at which reductions are absolutely necessary in order to go forward as a great nation into the future. The people cannot withstand the tremendous outlays demanded of them, and they cannot pay the prohibitive taxes which are imposed to maintain our government.

Compare the cost of government—three and a half billions, in 1932, with the 37 and a half billions asked of the Congress by President Truman in 1947! No American needs to use a microscope to see the seeds of dangerous inflation in such a request. It is little wonder that Mr. Truman, caught in the net of his own spending program, now asks Congress for the authority to control the American people so that a "catastrophe" can be prevented.

INSTEAD OF SEEKING this authority, Mr. Truman should work hand in hand with the people's Congress to cut Federal expenditures drastically. This he has not and will not do, even though sound-thinking men in his own party have urged him to do so. Why should the people of this Nation—still trying to overcome the burdens of a long and hideous war—again be forced to fumble with ration books, and submit themselves to every type of idiotic control, when they know that the root of the evil rests in the runaway spending of their hard earned dollars?

Mr. Truman should make a tour of America and listen to the voice of the people. He would discover that their opinions—freely expressed—are of much greater value than the opinions whispered in his ear by a few bureaucratic advisers.

## YOU KNOW FOLKS--

IT'S LIKE THIS:

(Reading Time 1 Minute)

I just came back to Palm Springs from Chicago where I was on the Photo Staff of The Chicago Sun and had a pretty good job, as jobs go. . . .

I'm still with the paper . . . only on an indefinite leave of absence . . . and I came back because I was stationed at the local Air Field for a part of the war and during my stay here, must have gotten a lot of sand in my shoes . . . and I've been restless in Chicago and aching to get some more sand in the same place . . . so . . . I came back out here because I liked it and its people and I "wanna" stay . . . but . . . I gotta make a livin' for me and my family. . . .

Now . . . if you good people here in Palm Springs need some pictures made . . . any kind except portraits . . . well . . . I'm your man. . . I specialize in publicity . . . promotion . . . illustrative and layout work for advertising . . . both indoors and out . . . day or night.

You know it's cold in Chicago and the snow is starting to fly . . . honestly . . . I don't want to have to go back there . . . my wife and daughter like it here too . . . so if enough of you good people here in Palm Springs can keep me busy making pictures . . . I'm going to have to stay.

Now . . . if you'll give me a jingle on the telephone at 3633 or drop me a card at 288 North Palm Canyon Dr. . . . I'll jump in my car and come arunnin', either in the daytime or at night . . . but call me before 6 o'clock in the evening. I just moved out to the Veterans Community out on Ramon Road and the Telephone Company is still short on telephones . . . but I'll have one soon . . . when they install a phone you can call me at home, too. Thank You.

## Famous Cafe Man Acquires Fine Home In 15 Minutes

Monte Proser, owner of the Chanteclair restaurant on Sunset boulevard in Hollywood and the Copacabana in New York, this week purchased a charming desert home in the Winter Haven tract from Paul Mederias, Long Beach oil man.

The sale was negotiated by Peter B. Sheptenko, local realtor and a friend of Proser. The two met in New York several years ago when Sheptenko was in the Army and made his first trip to Gotham.

At that time the talk was all of Palm Springs and Proser said some time he was coming to Palm Springs and buy a home. Proser was in the Village for the opening of Charley Morrison's Stables two weeks ago and met Sheptenko. This week he made good on the promise of several years ago in New York. It took Proser only 15 minutes to decide on a home in the Village.

He is already planning several improvements and plans to divide his time between Palm Springs and the Village.

Mederias does not plan to leave the Village but has purchased a lot and plans to erect a new home soon.

## Targeteers Make Bow at Saturday Night Dance and Please Teen-Agers

Teen-Target, formerly the Youth Center, was the scene of much activity Saturday night when the dance was interrupted at 9:30 o'clock for a meeting of the youngsters at which Mrs. Caroline Hicks, chairman of the Youth Center committee of the Welfare and Friendly Aid association and Chief of Police A. G. Kettmann spoke.

Mrs. Hicks reminded the youths that the center represented a \$50,000 investment which must be protected from carelessness and misuse.

CHIEF KETTMANN spoke on bad habits and warned that violators of decency and city laws would be dealt with just the same as an ordinary miscreant.

Mrs. Fern Jones was guest chaperone for Saturday night's dance which found the "Targeteers", the Teen-Target's new dance band, on the stand for the first time. The Targeteers will play for all Saturday night dances during the season.

Al Crossley on the trumpet, Frank Devers, Art Jeremo and Ben Prieto on the saxes, Sunny Aaron on the drums and Terry Warner at the piano provided rhythm for both the hepcats and the cuddle-cats.

AARON KUK of the police force donated his night off to help police the grounds.

Parents are invited to drop in and see the Teen-Target in action and get a better idea of the project. Milton Ferris, director, invited all to get acquainted with the problems involved in entertaining and controlling the behavior of the teen-agers.

Another ping-pong tourney is being started and a baseball team will also be organized under present plans.

## Bank of America Opens Branch In Tokyo, Japan

Opening of a branch of the Bank of America in Tokyo, Japan, was announced today by L. M. Giannini, president, according to word received by Fred Ingram of the local branch.

Y. J. Johnson, a veteran of Far Eastern banking, is manager of the new branch. He is assisted by assistant cashier Leonard Link, formerly of San Francisco.

Winthrop E. Davis, American teller, has been transferred from the bank's Manila branch, and ten Japanese clerks and tellers will complete the staff for the first few months.

The bank's premises now occupy 1,000 square feet of floor space, with provision for 2,000 square feet more of adjoining space to be added as increasing operations require. The branch is located in the Yaesu building, but for the time being, mail communications are to be addressed as follows: Tokyo Office, Bank of America, A. P. O. 500, c/o Postmaster, San Francisco, California.

Sunshiny City Phoenix, Ariz., receives between 80 and 90 per cent of all possible sunshine, more than any other section of the country.

Unmarried Mothers More than one-fourth of the unmarried mothers in the United States are girls under 18 years of age.

STATE PEACE OFFICERS also heard that organized gambling in California has attracted many criminals, petty thieves, and underworld characters.

Police also heard that liaison has been established between the west coast and eastern authorities regarding the movement of known criminals.

Governor Warren said that his crime commission would not encroach upon the field of duly elected law enforcement officers.

He also told those present that the spot-light of publicity would act as a potent weapon against crime.

Chief of Police August Kettmann who attended Governor Earl Warren's two-day crime conference in Sacramento Monday and Tuesday, heard the state's chief executive tell assembled police heads from every community in California that cooperation would break the backbone of crime in this state.

The governor said that ten racketeers sent to prison through the use of the state's 1943 Conspiracy Act would break up organized crime in California.

THE TWO-DAY conference on crime was conducted by the five newly-appointed crime commissioners. The act to which the governor referred provides that when one or more persons conspire to commit an offense which may merely be a misdemeanor, prosecution and conviction can be had as a felony and penitentiary sentence imposed.

## HORSE-ING AROUND

By SIDNEY FOX

"Get a horse," said the humorous character as he watched the jet plane zoom over Palm Springs. Little Audrey laughed because she knew the pilot couldn't see the beauties of the desert from there.

When old Palmer Springs first settled on the desert, he rode his Thoroughbred Arabian Morgan Quarterhorse into Palm Canyon and Tahquitz Canyon and said, "Here I shall make my home, because after I've founded Palm Springs and it becomes the most famous winter resort in the world, people can get on a horse and see more natural beauty of a morning's ride than the Chamber of Commerce will be able to describe!"

So he founded Palm Springs and right away people came along and moved in. The first thing you know, it's a nifty place. But, as the humorous character said, "An apple a day may keep the doctor away, but so will riding a horse in the sunshine—and it's a heck of a lot more fun."

So the smart people left their jet planes in the garage—just like old Palmer Springs said—and all got on a horse and really had a look. And it was good. That's why there are seven (7) first rate stables here now to show you how good it can be.

Old Palmer and little Audrey were right. Get a horse. Get some sunshine. Have a look. It's good! But you'll never know, just sitting at home wondering what to do.

Get some friends—even your wife, if people don't like you—and get a horse! The stable people know where to go.

No place in the world offers as much in the way of health and variety as does the desert right here in Palm Springs.

Early morning breakfast-rides over the desert trails and into the canyons, with a cowboy breakfast of ham and eggs, flapjacks and coffee from the chuck wagon—with cowboy music—with the grandeur of the myriad fingers of the desert sunrise—all this, every Saturday morning at 8 A. M.

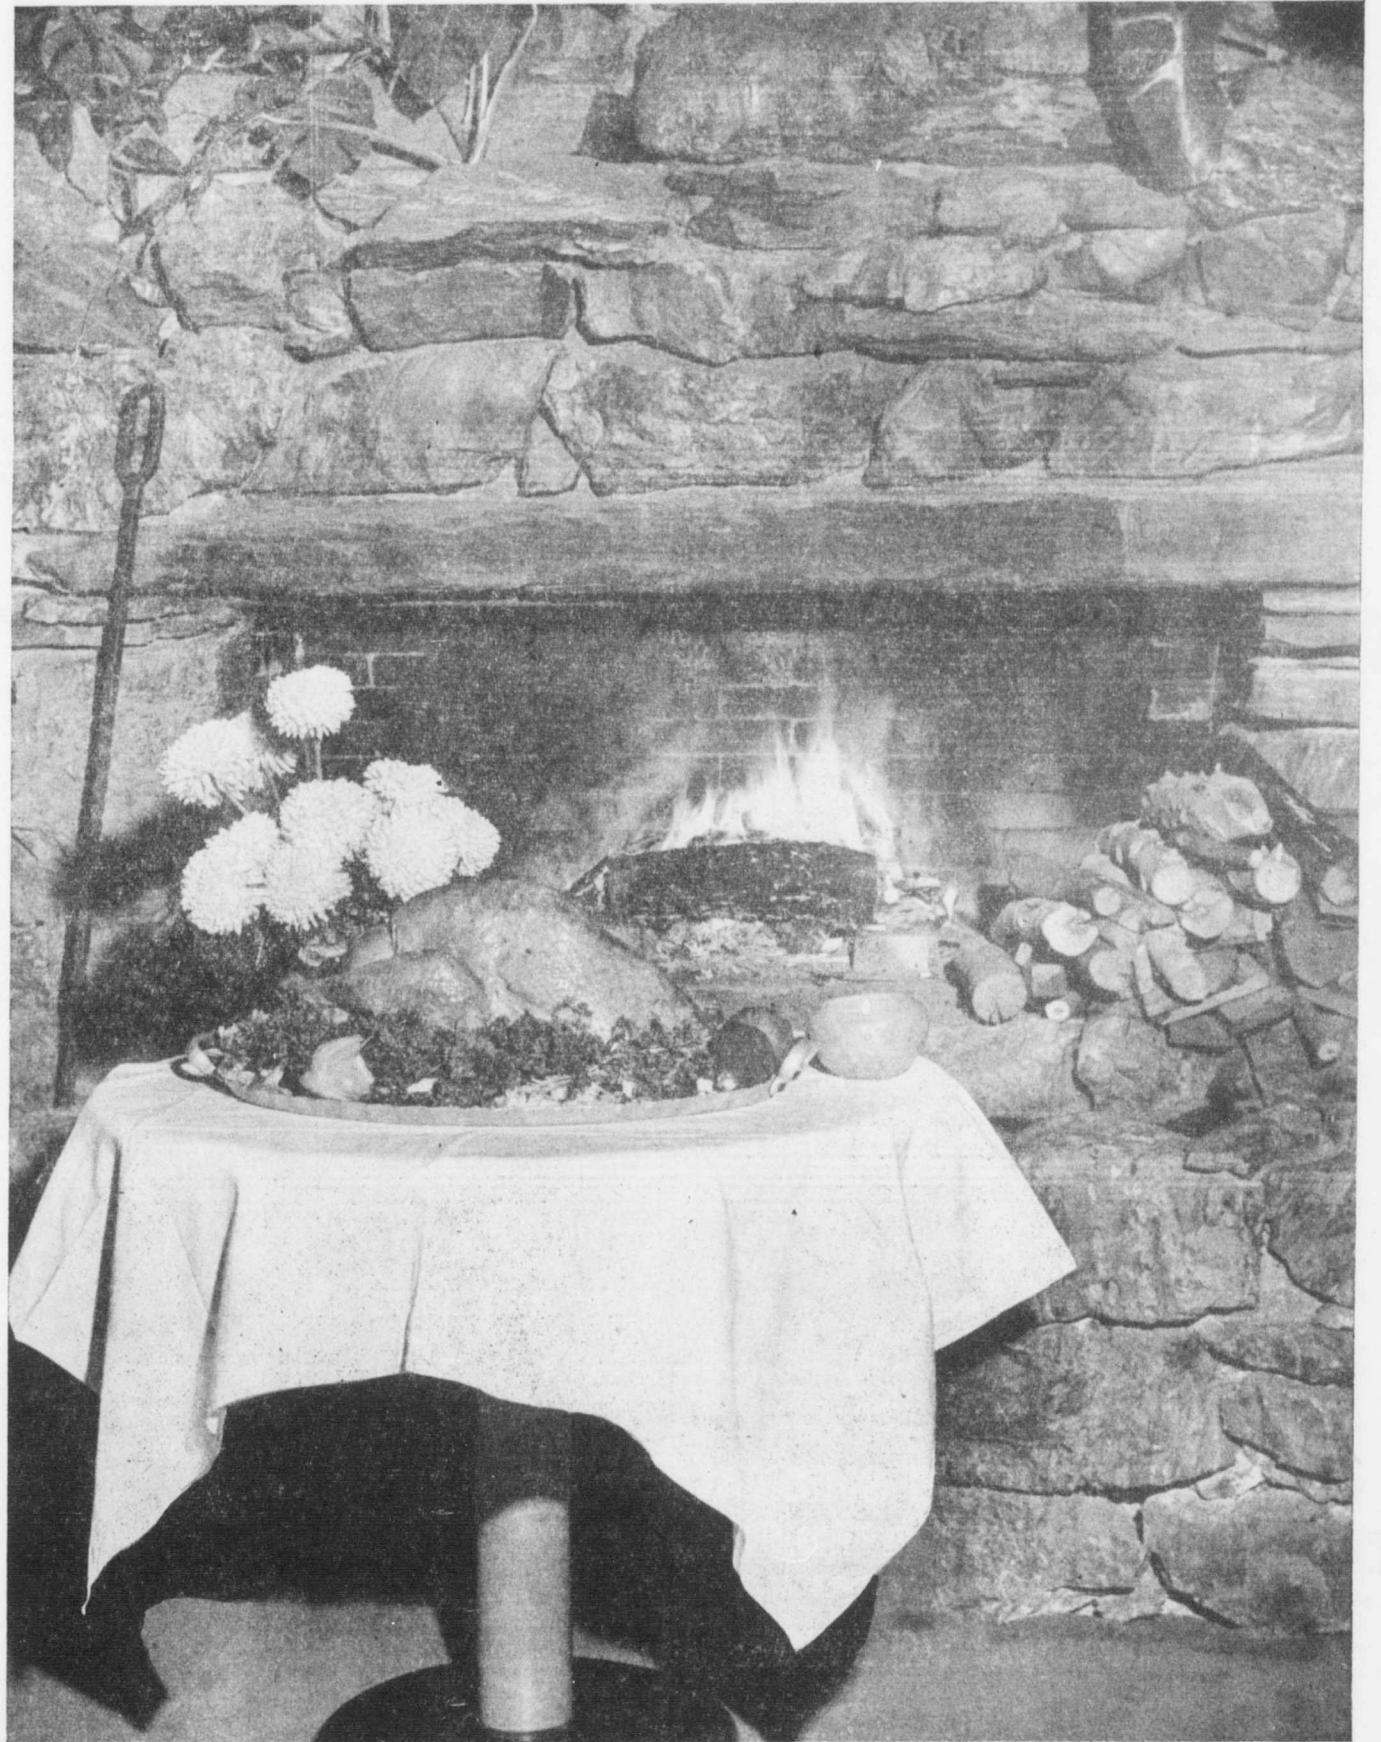

Go by horseback, wagon or stage coach.

Moonlight rides away from the city lights—under millions of stars—and the same old man in the moon to guide you out and back.

Yes, Palm Springs offers much, and the Palm Springs Stable Association is ready to help show you just how much! Here's a list of members:

## Thanksgiving Is Season for Remembering

Need for Harvesting Our Heritage Told Club by Mrs. Palmer

Pointing out that Thanksgiving is a time for remembering and evaluating, Floy Bernice Palmer's lecture before the Palm Springs Woman's club last Monday on "Harvesting Our Heritage" was particularly timely and inspiring. Tracing the thought pattern of the past hundred years and the influence of the Bible and such writings as Freud, Darwin, Marx and Nietzsche, Mrs. Palmer said that "This is the first generation born with the liberty of deciding our own lives."

Mrs. Palmer stressed the importance of harvesting our heritage by deciding what is good and what is bad, then throwing out what we don't need and keeping the good as seed for the following generation.

PRECEDING the lecture Mrs. Harold Murphy, president, presided over a business meeting at which time a vote was taken in favor of cooperating with the other women's organizations of the village in building a new home for the Girl Scouts of Palm Springs, a group sponsored by the Woman's Club.

The tea hour at the close of the meeting honored Mrs. Josephine Sprague, a past president and now program chairman of the club, whose engagement to Mr. Gordon Feekings was announced last month.

THE TEA COMMITTEE was made up of close friends of Mrs. Sprague's and included Mesdames Gordon Nicholson, Harry Harper, John R. McCartney, Fay Brainard, Donald Lockett, Alvin Weingarten, with Mrs. Merrill Crockett and Mrs. Chas. Burkett presiding at the tea table.

Credit for the beautiful decorations goes to Mrs. Florence Glass and her flower committee. White candles and wedding bells on the tea table carried out the bridal motif, with bowls of pale pink flowers throughout the clubhouse.

The names of Mrs. L. R. O'Donnell, Mrs. Ted Reed, Mrs. O. R. Sawley and Mrs. Ruby Millington were announced as having made application for membership in the club and accepted by the board of directors.

## Visitor Honored At Village Home

A tea was given last week to honor Miss Enid Armstrong by Mrs. George Mannington in her home on Morongo Road.

Miss Armstrong and her mother, Mrs. Anderson, are visiting here from their home in Vancouver, B. C.

To welcome Miss Armstrong back for her third season in Palm Springs were Mrs. James Geggie, Mrs. Horace Perdery, Mrs. Bradstreet Miller, Mrs. Alma Gilbert, Mrs. Archie Linkletter and Mrs. J. Banks.

## Monthly Bridge Tea Enjoyed by Altar Society

Altar Society of Our Lady of Solitude met for monthly desert bridge at the home of Mrs. Frank Purcell, 374 Pablo drive, Tuesday afternoon.

The event was hosted by Mmes. Thomas Holland, Armand Turonnet, Homer Jenkins and Lena Bassoloni. Prizes were won by Mrs. Earl Cordrey and Mrs. P. E. Staley.

The next desert-bridge will be held at the home of Mrs. Alice Guthrie, 610 via Miraleste sometime in December.

Early Street Lighting Few Detroit citizens remember the city's street lighting towers erected in 1835 which were 150 feet high and mounted with six arc lights. Now equipped with modern traffic safety lighting, Detroit's streets are the safest thoroughfares after dark in the nation.

Palm Springs and houseguests seem to be synonymous! Your desert home attracts your good friends and you suddenly find that your casual town acquaintances become life-long friends. But it's all fun and the Village wouldn't be the Village without them.

Neil and Rathbun Hees had as guests this week-end in their home at their Desert Tract, Al and Frances Wise of Los Angeles. Mrs. Wise is partly responsible for "State of the Union" which the Footlighters presented in Los Angeles this week. Mr. and Mrs. Alfred Hunt and Mr. and Mrs. Hugh Darling (Western Airlines) were guests of the Heeses earlier in the week, flying down from Las Vegas for some Palm Springs sunshine. . . . Escaping from snowstorm to sunshine at the Dick Grants is Alda's mother, Mrs. Maude Pritchett, down from Portland, Ore. to stay through the Christmas holidays. Also at the Grants over this week-end are the Jimmy Schmidts of San Mateo. . . . Visiting the Hutch Moseleys' son, Richard, over last week-end was Mickey Finn of Los Angeles. . . . Houseguesting out of town were Joan McManus and son, David, who went to Santa Monica for the week-end. . . .

## Metropolitan Papers Please Copy!

Folks here were burned up over an article on Our Town I reprinted from a city paper. Made us sound like a bunch of "hicks" who whit-tled sticks and wore chin whiskers. (Last person I saw with chin whiskers was passing through on his way east.)

So I ran an editorial on how we spoke of city "slickers"—as over-dressed wisecracks, only interested in making money, and spending it in night clubs.

Fact is, if we got to know each other we'd probably find we're not

much different, underneath. City folks work hard; like to come home at night to their families; and relax with a moderate glass of beer, like we do.

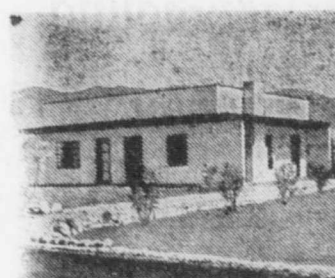

From where I sit, it doesn't matter if you live in an apartment house or on a farm—work in an office or a cornfield—the American tradition of quiet home life, temperate habits, and neighborliness is common to all of us.

## Soundman Tucker Presents Program For H. S. Assembly

Radio and screen sound man, Hurricane (Tommy) Tucker was presented to Palm Springs High School in an assembly Thursday, November 13, by Johnny Strong's Enterprises of Hollywood.

Tucker, now 71 years of age, is the backbone of many radio shows such as "People Are Funny," "G. E. House Party," and "Fibber McGee and Molly." He disclosed before the student body his qualities of interpretation which he had developed in the conquering of a childhood lung infection. From above a build of that of a young, healthy man of twenty came imitations of ducks, cows, trains, hurricanes, crows, pigs, bees and other familiar sounds thrown authentically throughout the auditorium by the volume of a rich full voice.

**ANNOUNCER** Johnny Strong, once a narcotics victim, but today a huge man, six feet five inches, with blond hair and a gleaming smile, is thankful he met Tucker a few years back. Johnny had had lung trouble, but instead of letting it beat him he took the steps Tommy had taken. He gave up habits of smoking and drinking and set his mind to build up his 160 pound shadowy frame to the man he is today.

Tucker found the best opportunity to serve with his trained voice, working with veterans in hospital wards. He would speak to the boys to ease their minds from worldly concerns and fears with stories in his caricature voice.

**TUCKER'S** first patient was a little girl whose voice box was destroyed by a stick jammed down her throat. The sound man taught her how to talk in the front of her mouth in the Donald Duck style. In this manner she, as Tucker had done in his childhood, overcame her handicap.

## Sadie Hawkins Day Stage Being Set by Students

Sadie Hawkins Day will occur the 28th of November. As usual, the girls and boys of Palm Springs High School will wear outfits as "Lil Abner and Daisy Mae." It will be wise to wear some kind of outfit that will go with Sadie Hawkins Day. It will guarantee fun that day, especially new students.

There are always many events during the day. Also there is a first prize for the one girl that resembles Daisy Mae the most, and a prize for the boy that resembles Lil Abner. And of course there's the school dance at night. The dance will start at 8:00.

The girls are to invite the boys to the dance.

The price for the dance is a dollar per couple, and 75 cents stag. The girls will pay for the dance.

## May We Introduce

This week I would like to introduce Miss Betty J. Cockrell, home economics teacher.

Miss Cockrell was born in Southern California and has always lived in Long Beach. She attended Long Beach Junior college for two years, and Washington State College in Pullman, Washington. One summer she attended the U.C.L.A. summer session.

During the summer of 1946, Miss Cockrell did social work in a Settlement house. Afterward she returned to Long Beach where she worked in a nursery school on the child care program. This year Miss Cockrell joined the faculty of Palm Springs High School where she has the Home Economics classes and is the office assistant.

## Negotiations for Basketball Floor Still Under Way

For the last few years the high school basketball team has been practicing and playing their games at the Torney Hospital and the Army Air Base gymnasiums.

But now they are not sure where they will have their basketball games. The gymnasium at the air base has been sold to be used as a theater and the gymnasium at the hospital has been frozen by the War Assets Administration.

Dr. Oertel, principal of the high school asked Captain Merrill who is in charge of the building at the hospital if he could get permission to let the high school use the gymnasium. Captain Merrill wrote the War Assets Administration in San Francisco about it. But they said that the high school couldn't use the gymnasium.

Dr. Oertel has written Congressman John Phillips to see if he could secure permission for the high school to use the gymnasium.

If the high school isn't able to use the gymnasium they will have to try to arrange with the other nearby schools to use their gymnasiums for games.

## On the War Path

By MORTY GILBERT

Not since the beating of Holtville have the Injuns got rolling on the victory path. And their last win was as impressive as their first in beating Sherman 20 to 6. Although the competition was not as rough as the team we meet today at Perris, it served well to tune up the boys for the forthcoming fray. Perris beat this same team, 26 to 0, one more touchdown than we were able to score, and had the local eleven kicked, instead of trying for one yard around the midfield stripe on fourth down and failed, (which led to the eventual touchdown for Sherman) it is doubtful if the Braves would have scored.

**A WORD OF PRAISE** should be put in for the way Dick Henson played while in the game. When the Indians moved the ball down near the goal line Dick called the quarter back sneak, and not since Case for U.C.L.A. put over the winning touchdown against S.C. on the same play last season have I seen the play better executed. Eddie Wiess did some fine running also.

The locals have their big chance to make their comeback this afternoon when they take on Perris. Perris is league "CHAMPS" so far and their record has been all victories. If the local eleven is right and play the kind of ball they are capable of playing, they may be able to upset Perris. Perris beat Banning 19 to 0 at Banning and had things been in our favor we two would have scored three touchdowns against Banning, also it must be remembered that in the two previous encounters I have seen us play Perris, we have won! That is two wins in the last two years that I know of. Maybe we have their number or something, but anyway I am going out on the limb and predicting the big upset of the year, THE INDIANS over PERRIS.

**TURNING THE SPORTS** light to tennis, we really got a break here last Friday when Champion Jack Kramer put on his exhibition for us. Kramer has just turned pro, and is scheduled to play Bobby Riggs at Madison Gardens in New York, December 26. I know that after seeing him play out here, we will all pull for him against Riggs. Riggs plays a defensive type of game, and has been very victorious, but if Kramer pours on some of those offensive shots he showed up Friday, he certainly will not be the push-over Riggs claims he will be.

Although the locals still have two more football games, count-

## Gridders Guests Of Earl Strebe At Theater Party

Thirty football players were guests recently of Earl Strebe at the Palm Springs theater to see the motion picture "Spirit of West Point," and "That's My Man."

The team saw some plays in "Spirit of West Point" (and news) that they believe they may be able to use in their next games. Coach Ballagh really believes the picture helped the team's morale.

The lead was played by "Doc" Blanchard, called Doc because his father's death he was called "little Doc." Glen Davis played a supporting role. The co-feature, "That's My Man" was about Don Ameche and his love for his horse, "Gallant Man," which helped him in meeting a girl who was to become his wife.

## Active Life Healthful

Early retirement is a source of danger to longevity. Mental and physical activity can help postpone morbid old age provided the body is healthy and the mind free from worry.

One today, a word should be mentioned about basketball. The school is making an effort to get the Torney gym. It sure seems a shame as nice a gym as that has to stand around unused while the basketball team could put it to such good use! We play a practice game against Twenty-nine Palms before the Christmas vacation, followed by our first league game January 9.

## National Net Stars Perform at P. S. H. S. Before Students

Jack Kramer, amateur tennis champion of the world, recently turned pro, and Pudge Patzy presented a tennis exhibition with the cooperation of the Tennis Club, Friday, for the students of PSHS on the school court. They were joined by Bob Renker of the Tennis club and Rolly Vail of KCMJ, who were on the court at the time in a doubles match. Kramer took the singles match from Patzy 6-3, and joined by Vail, came out on top of the double 8-6 over Patzy and Renker. Mr. Weeks' tennis class met briefly with the players for a question period on the sport.

## FIRST TEXAS GAS IS HERE

1,204-MILE TEXAS PIPELINE CROSSES THE COLORADO RIVER WITH 1,020-FT. SPAN — ARIZONA BORDER TO BLYTHE, CALIFORNIA

## 70-Million Dollar "Biggest-Inch" Pipeline Assures Additional Supply of Low-Cost Gas For Southern California to Grow on!

LOS ANGELES, Nov. 13—The flip of a small lever officially turned on Texas Gas here today.

One of the world's great gas-transmission lines is now in operation. The event was officially celebrated here this afternoon in recognition of the vital and continuing importance of Natural Gas to this area.

The "Biggest-Inch" will ultimately deliver a flow of energy daily—equal to 6-times the output of Hoover Dam. It is Southern California's \$70,000,000 natural gas "Insurance Policy" for the future.

Southern California's own mushroom growth has made

**MORE IN A BIG WAY!** More Southern Californians use more and more gas! (and every year they're becoming "more" by hundreds of thousands . . .) The first Texas Gas is already here—more is on the way. Initial deliveries of 50,000,000 cu. ft. of gas daily—will increase to 75-million cu. ft. by Dec. 1; to 175-million cu. ft. by January; and to 305-million cu. ft. by the end of 1948. At maximum flow, the weight of the gas delivered daily will amount to 15,250,000 lbs; the energy equivalent of 189 carloads of coal, or 51,000 barrels of oil. Thirteen compressor stations, totalling 148,000 H. P., boost it the entire length of the line in 80 hours under pressures as high as 807 lbs. per sq. in.—crossing ten rivers, hundreds of miles of desert and rocky mountain terrain.

it necessary to look beyond the generous resources of California itself for the additional supplies of gas needed. The challenge of rapid expansion is met by this great Pipeline reaching 1204 miles from Texas to California.

*A more plentiful supply of low-cost natural gas is on its way.*

## From Head to Toe

By BARBARA K. SCHILLY

Some day we shall probably be reading syrupy words to the effect of "There is nothing smarter than the sleek smooth sanitary, etc., etc., boyish bob". I would bet anything that we will . . . and what is more, there are going to be some of us who believe every word we read and will head for the nearest guillotine (or its equivalent) to be properly bartered. It is just about due time that they started training us for the trimming to come.

But . . . for these easy carefree days in the interim and while most of us still have a decent head of hair . . . it is interesting

and fun to note what is being done these days for there are many interesting styles . . . the most noteworthy of which is the "lopsided look".

**HOW TO ACHIEVE IT? . . .** just take any current hair style and push it to one side and there it is. Of course, to gain that professional look, a little lacquer, wave lotion, hair nets, hidden bobby pins and practice are a good idea.

If you have been accustomed to wearing a pompadour . . . swing it over so that just one side is in a high roll, the other is sleek and smooth.

If a chignon at the nape of the neck has been your hairdress . . . just push it over. Do the same thing with the bun at the top of the head.

**CURLS AT THE BACK** of the neck? . . . switch them over. A bare is almost a necessity to keep the curls to the side, however.

Hair worn loosely? . . . still wear one side loosely but swing the other side over.

Page boy? . . . push it way around to cover one ear.

This style has proven to be so popular that many hats have been designed exclusively to fit the fashion. The nicest thing about it is that it is often very flattering.

**ASIDE FROM THIS** side talk, it might be mentioned that hair in almost any type of coiffure is in vogue right now except for the fussy curlicue undecided style which was never worn by smartly groomed women anyway.

So, if you like, follow the left-ist (or rightist) trend to the side or wear your hair just any pleasing way . . . only rule is that it must be becoming. But a word of warning . . . make the most of your hair while you can before "they" have us cutting it all off to please the whims of some bored leaders who can't think of what to advocate next.

## Mrs. B. H. Poliak Named Christmas Seals Chairman

Mrs. B. H. Poliak has been appointed Christmas Seal sale chairman for Palm Springs, according to William A. Wood, president of the Riverside County Health and Tuberculosis association which sponsors the campaign in this county.

Mrs. Poliak served as chairman of the sale in street booths last year when the Christmas Seal campaign reached an all-time high in the Palm Springs area. The same methods will be followed in the sale this year.

The booths will be manned by volunteers from various civic groups, and in addition many merchants will cooperate by displaying attractive "self seller" cards offering Seals for sale in smaller amounts.

## Noted Policeman Visits in Village

Norman Finn, Los Angeles policeman who is doing something about the juvenile problem on his beat, was in Palm Springs from Friday to Monday, guest of Mr. and Mrs. Hutch Moseley of the Village.

Finn, who goes by the nickname of Mickey Finn, had a tough Los Angeles neighborhood to patrol where juvenile delinquency was high. He made friends of the boys, formed a Boys' club, got them interested in wholesome activities and now his beat is one of the quietest in Los Angeles.

He has written a book about the juvenile problem which is about to be filmed.

Mickey Finn likes Palm Springs and makes frequent visits to the Village.

## Fight Being Waged On Tuberculosis Told Soroptimists

Soroptimist club of Palm Springs met in regular luncheon meeting at the Desert Inn Tuesday with President Katherine Finchy presiding.

The current project for the season was discussed and announcement of this service will soon be made public.

The main speaker, Stanley Bogess, secretary of the Riverside County Tuberculosis association, gave an informative talk and movie on the tuberculosis situation and what is being done to combat it. With the approach of the Christmas season, the sale of TB Seals was urged. Mr. Bogess was present through the courtesy of Soroptimist Madge Holderman of the Palm Springs Health Center.

## First Home Game Of Season Sunday In Valley League

First home game of the season for the Palm Springs Merchants in the newly-formed Imperial-Coachella Valley Winter league will be played next Sunday afternoon at the Field Club at 2 o'clock with the Heber team as opponents.

The Merchants opened the season at Coachella last Sunday, dropping an 8 to 6 decision in a close game. With another week to get organized, the Merchants plan to make it a real ball game here next Sunday.

**THERE ARE EIGHT** clubs in the loop, Palm Springs Merchants, Brawley Shippers, Brawley Clippers and Eastside Merchants, all of Brawley, the El Centro Merchants and Golden West Sports, of El Centro; Heber and Coachella.

First half of the schedule will run six weeks more with the local Merchants being listed for four home games and two away.

Bob Martin, manager of the Merchants, today issued an appeal to local sportsmen and baseball followers for a fund to take care of transportation costs on the two away-from-home games.

**FIRST OF THESE** is Nov. 30 when the Merchants go to El Centro to meet the Merchants of that city. On Dec. 21, Palm Springs invades Calipatria to meet the Clippers of Brawley.

Anyone wishing to aid in getting the team to these two games is asked to contact Martin at the Palm Springs Sporting Goods store.

There is a lot of class in the new loop and several of Coast League, Sunset League and California players enrolled on the valley teams.

**THE SCHEDULE** for the first half of the season for Palm Springs Merchants follows:

Nov. 23—Heber here at the Field Club.

Nov. 30—Palm Springs at El Centro.

Dec. 7—Eastside Merchants of Brawley here.

Dec. 14—Brawley Shippers here.

Dec. 21—Palm Springs vs. Brawley Clippers at Calipatria.

Dec. 28—G. W. Sports of El Centro here.

## Indians at Perris In Final Game of Grid Year Today

Palm Springs high school Indians face real trouble today over at Perris where they meet Perris high school in a Riverside county league game.

Perris has won four games and tied one and is still a contender for the league crown. They are topped only by Hemet in the loop standings, the Hemet gridders holding a half-point edge in that they have not been tied or defeated. Hemet meets San Jacinto today.

Today's game marks the close of the league season for the Indians who have won one, lost three and tied one. Their deadlocked game was with Coachella, up near the leaders in the league.

## Sitter Hits 265 To Take Honors At Local Alleys

High score of the week at the Palm Springs bowling alley was carded by Larry Sitter who hit the jackpot with a 265, winning for himself a silver belt and buckle, donated by Al Stein of the Frontier Shop.

Also bowling was the manager of the San Francisco Seals, Lefty O'Doul who was pinch-hitting for Frank Portnoy of the Cork 'n' Bottle team in the Desert Commercial league.

Leading the leagues with a high average of 194 is Pappy Hubbs with Bill Goodrich second with 180. After these two toppers come Scott McCutcheon of Indio, 179, Art Ries, 178, Frank Binder and Lou Berry, sharing 176.

The Waffle Shop which has dropped but one game, is leading the Commercial league, the Plaza Garage has a five-game lead in the Desert League and Tops in Indio is a short distance in front in the Sage Brush league.

## Aquatic Stars Perform at La Quinta

National Champions, Top-Ranking Swimmers  
And Divers Delight Throng at Hotel Pool

La Quinta Hotel has the setting Sunday afternoon of a beautiful outdoor swimming and diving show. Outlining the pool before the water show were bright umbrellas shading the tables where guests of the Hotel and a group of Palm Springs residents enjoyed a buffet luncheon.

Those in the show were Victoria Manola Draves, national diving champion, Lyle Draves in diving exhibitions, Comedian Wes Hammond, whose antics on the springboard delighted the audience, National Back-Stroke Champion Muriel Mellon, Lois Wehrman, who is a national breast-stroke champion, and the Los Angeles Athletic Club water ballet team of ten girls.

The program consisted of diving exhibitions, relay races, breast stroke exhibitions, comedy diving, and lastly a formation finale with the entire troupe.

## Bruin Vulnerable But First You Got To Go Where He Is

Under the law—you can go out and shoot a bear.

But first you gotta go where the bears are.

According to reliable information from the local Fish and Game chapter, the last bear tracks seen in the San Jacinto mountains was about three years ago.

Several bears were planted in the San Geronimo mountains some years ago and one hardy bruin apparently found his way across the busy highway and left the imprint of his visit in Snow Creek canyon.

Tracks have been reported on the north side of the pass more recently.

Anyway, the California bear season opened last Friday and continues for 45 days. The bag is one a day or two for the entire season.

Joe S. Hunter, chief of the state division of game conservatively said only a handful of hunters are going out to hunt bear. There is only one species available, he said, although it is called both black and brown bear.

## P. S. Reserves Down Banning By 14-0 Score

Palm Springs high school reserves took Banning high reserves into tow Tuesday night on the local gridiron by a score of 14 to 0, two touchdown pitches doing the work.

In the second quarter Charley Black took a pass from Stone and raced 20 yards into the end zone and in the third period, Stone was on the receiving end of a perfect strike from Raphael and went 25 yards into pay dirt.

Stone kicked the first conversion and on a fake kick, passed to Black for the second.

Palm Springs took to the air frequently in the game and its passing attack was the difference between the two teams.

The Indian line held Banning's ground attack well in hand with Vasajbal doing outstanding work.

# Oliver Plans Annual Trek to Hunt Peg Leg Mine

January 1 Set as  
Day to Start Big  
Monument and Hunt

Peg Leg Smith's fabulous lost mine, for which thousands have searched in vain, is going to be the object of another big search come New Year's Day. And it will be an annual affair from then on.

Take Harry Oliver's word for it. He's the prize promoter in what promises to become another famed California institution.

It will start with a monument to Peg Leg Smith, a monument which will be built by the searchers.

BY "MONUMENT" Oliver means the kind of monument prospectors use to mark their claims, a pyramidal pile of stones. Each searcher for the lost wealth of Peg Leg Smith is asked to place ten stones on the monument before they start.

On January 1, 1948, hundreds of Peg Leg enthusiasts from all over the southwest will meet at the Borrego Valley post office in Borrego Valley to institute a systematic search on what will become a yearly affair of the "Lost Peg Leg Mine" trek.

STARTING on the trek, all will drive six miles due north of Coyote mountain (the end of the paved road). Here, near the old Harry Oliver homestead, the monument will be started "and a happy plan it is for all and posterity, too," said Oliver. At the side of an eighteen foot circle is this signboard, "LET HIM WHO SEEKS PEG LEG SMITH'S GOLD ADD 10 ROCKS TO HIS MONUMENT."

Harry Oliver does not own the homestead today (there wasn't any paved road when he did) but here in the Old Adobe he kept the Lost Peg Leg Mine in print for thirty years. His books are out of print, "Desert Rough Cuts, a Haywire History of the Borrego Desert" and "99 Days in the Desert." Today he publishes a quarterly at Thousand Palms, called "Desert Rat Scrap Book."

"THE ROCKS are easy to get, and like kissing the blarney stone for luck—adding ten rocks will help your chances of finding the Lost Mine," he said. Robert Ransom of Borrego Springs, a few miles away, has promised to have water hauled for all who may need it.

Jack Douglas, known to thousands as the Old Prospector, from Dutch Flat, California, has promised to be there, as has Dry Camp Blackie, Desert Steve Ragsdale, John Hilton (writer of "Sonora Sketch Book"); Howard

BOYS' CLUB LEADERS—Palm Springs was the scene of a three-day conference of Boys' Club executives representing the Western Region. From left to right they are John Tutak, Los Angeles; Gilbert Eaton, Oakland; Fred Flack, Hollywood; Charles Thompson, Pasadena; C. A. Van Dusen, San Diego; Maurice Bugbee, Long Beach. (Sitting from right to left) Nick Trani, San Pedro; Joseph Hayes, Richmond; Aaron Fahringer, Regional director, and D. S. MacDonald, Santa Monica. (Frank Partridge photo.)

D. Clark, writer of "Lost Mines of the Old West"; Ray Hetherington (of Knotts Ghost Town); T. B. Harrison (of Western Book Shop, Los Angeles); Doc. A. A. Beatty, old timer of Borrego; Harry Woods, Quay House (Editor of "The Desert Barnacle"); Cabot Yexxa, Desert Hot Springs; Lloyd Mason Smith, Desert Museum Palm Springs; Harry Oliver; Homer A. Stuart (Desert Spotlight) and many other well known prospectors, desert rats, rock hounds and mineral society notables of the southwest are going to be on hand to give this first trek a royal send-off.

IT IS HOPED to make an annual affair of the event, comparable to the Don's Trek in Arizona after the Lost Dutchman. Peg Leg Day here in California will be held on New Year's Day, a good way to keep one of the best known bits of desert lore alive.

In asking Harry Oliver as to what he thought about the plan, he said, "I have collected Peg Leg clippings for thirty-six years and all writers seem to think the Borrego Bad Lands held the secret. Quay House, once accused me of finding the Lost Mine."

OLIVER SHOWED a clipping from the Desert Magazine, dated April, 1937, edited by Randall Henderson:

Harry Oliver, Desert Clown, it was headed.  
"On display in the 'Desert' office is an 18 'karrot' gold nugget from Lost Peg Leg Mine No. 999. We are indebted to Harry Oliver—No. 1 clown of the desert country—for this gorgeous hunk of 'precious metal'."

"The nugget looks and feels suspiciously like the replica of an ordinary bunch of carrots (18 of them) done in plaster paris and then lacquered with a few coats of that gold paint you buy in the store."

"This is the same Harry Oliver who manufactured several scores of wooden peglegs, finished them with a sort of weathered appearance, and then planted them in various caves and 'coyote' holes in the southern California desert. That was many years ago, and the desert prospectors still are bringing in proof that Pegleg Smith carelessly left his artificial leg behind when he prospected this country and discovered the famous Pegleg Mine."

## Aid to Needy in County Increases Sharply in Year

Payments per case for aid to the needy in Riverside county and statewide in California out-distanced nation-wide average aid in each of the four kinds of relief administered by the county, California Taxpayers' Association said today.

Aid to the needy aged in the county averaged \$57.72 per person for September, 1947, compared with the \$35.99 average payment per person throughout the nation for July, 1947.

**AID TO THE NEEDY** blind in the county averaged \$62.52 per person for September, compared with the \$38.24 national average for July.

Aid to dependent children in families averaged \$92.85 per family in the county for September, compared with \$62.21 per family throughout the country for July.

General assistance to indigents averaged \$36.99 per case, compared with the \$40.31 national average per case. In this category, a case may be one or a number of people, the association pointed out.

**AVERAGE AID** to the needy in California is considerably higher than the nation-wide average, the association found. Statewide average aid to the needy aged for September, 1947, was \$57.04 per person; to the needy blind, \$62.86 per person; to dependent children in families, \$101.43 per family; to general indigents, \$49.14 per case.

"The mounting burden of public assistance in California make it imperative that administration of relief be tightened all along the line," the Taxpayers' association declared.

**'Softest' Room**

If a room is "dead" add metal fixtures just enough to tune up the sound. Hardness of surface aids in making rooms noisy, and this is always likely to occur where smooth, hard wall and ceiling linings are employed, as is the case in what is known as the whispering gallery at St. Paul's.

## Doing the Village

with  
Moya Henderson

It was a great thrill for many Palm Springs visitors to be able to watch Jack Kramer in action this week at both the Tennis Club and the Racquet Club. Although here for a rest, Kramer with Budge Patty also put on an exciting exhibition for the students on the Palm Springs High School courts. Joining them in a set of doubles were Rolly Vaile and Bob Renker. It was championship tennis for a mighty appreciative audience.

Taking advantage of the clear, crisp morning Clare Woodmansee and Billie Moseley saddled up their mounts and rode clear across the desert to the Knotty Pine in Cathedral City for a cup of coffee Wednesday morning. Billie and Jane Neel devote one afternoon a week to teaching the Girl Scouts riding and both pupils and instructors are having much fun with the lessons.

**IT'S GOOD** to see Walter McWaters up and about again after a major operation at the Community Hospital last month. He recently celebrated his birthday with friends, just shows, you can't keep a good man down. K. K. Youngs hosted a party of six young couples at the Desert Inn Friday night. The occasion for the party was K. K.'s eighteenth birthday.

Peggy Meisenhiemer is visiting her mother, Fay Neill this week and spending idle hours over at Estrella Villas with sister Dottie Gorham. Peg came down to get some of the good desert air to help her recuperate from a recent tonsilectomy. Back from Franconia, New Hampshire, last week came Herbert J. Carpenter to open his Merito Vista home for the winter and get in some duck hunting at his Salton Sea lodge.

Mrs. Lauritz Hansen is looking forward to a real family Thanksgiving this year as her daughter and son-in-law, Lt. Col. and Mrs. Everett Leak will arrive here from Hawaii on November 28. Rita and her young son and daughter will remain with grandpa and grandpa while Everett goes on to Washington, D. C., to report for duty and go house hunting for his family. Guests of the Hansen's over Armistice day were Mr. and Mrs. Ejner Thorsen who are visiting this country from Europe. Mr. Thorsen is a leading bridge engineer on this continent with offices in Copenhagen, Stockholm, Switzerland and Spain.

**OF INTEREST** to all local gals is the coming annual award of the American Legion Auxiliary for the Hope Chest. The event will take place at a dance at The Three Musketeers on December 6. Members of the Auxiliary are

busy filling the handsome chest with all those items of linen that have been so hard to get during the past years. The first article to be tucked inside was a lovely lace table cloth donated by Westbrook of Riverside.

Hortense Murray had a housewarming last week but it didn't take long to cool it off. The drapes in a guest room caught fire and the blaze was extinguished by firemen without use of water—no damage done except to the drapes.

**LOS COMPADRES** held their first dance of the season at The Stables. Although the floor was packed, there was plenty of room for the square-dancers. Those newly-weds, Norma and Maurice Smith and Babs and Bud Delano were there. Doris Davis, who came out from Georgia for her sister's wedding, was at the table, too. She left for her home in the south Thursday. Gene Morgan proved he could do a "mighty purty" square dance. It was good to see two of the Dill brothers playing downstairs in the lounge. With a third brother, they played at Rogers before the war.

## Two Due in Court Today on Charges Of Stealing Auto

Preliminary hearing of Ed Lynch and Floyd Gregory charged with the asserted theft of an automobile was scheduled to get underway in Judge Eugene E. Theriault's court at 10 a.m. today.

They are alleged to have stolen an automobile belonging to A. B. Crist from in front of the Sun Tan apartments last Saturday night. Near Redlands, Lynch who is said to have been driving, fell asleep at the wheel resulting in the vehicle leaving the road and turning over twice, wrecking it badly.

Following the accident both men hitch-hiked into Los Angeles where police of that city arrested them on suspicion of burglary. Under cross-examination Lynch is said to have confessed to the theft of the automobile and at the same time implicated Gregory.
